Possible Problems: Insect: Snails & slugs will be attracted
Diseases: Rust and fungal spots are possible

Habit: Creeping by rhizomes, groundcover

Day Length for Flowering: Long Day

Do NOT bury the crown of the plug

Description

The only gold *C. siderosticha* on the market that holds its gold all summer. Its bright lemon swords will illuminate the garden. These golden clumps glow in moderate shade with even moisture. Striking in borders and containers. This clumping, deciduous sedge combines well with Hosta and Heuchera.
