Possible Problems: Insect: No major problems

Diseases: No major problems

Habit: Flattened ball shaped

Day Length for Flowering: Short day

PGRs: Not required or recommended

Do NOT bury the crown of the plug

Description

Finely cut, lime green foliage on a full size plant. Its tight, upright, and mounding habit gives great garden performance. Enjoy in combo pots or in the landscape. Use for a flash of lime in the garden. Self-branching, no PGRs recommended.
