Possible Problems: Insect: No major problems

Diseases: No major problems

Habit: Compact, upright

Day Length for Flowering: Short day

PGRs: Not required or recommended

Do NOT bury the crown of the plug

Description

Self-branching with brightly colored foliage of deep red, lobed leaves with reddish-pink centers. The upright, compact habit in addition to being slow to flower, makes maintenance easier. Vigorous branching from the base makes this plant perfect for containers and hanging baskets.
