Habit: Clumping, upright

Diseases: The plants can have leaf spot and crown rot if kept too moist

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

## Description

So pink! From beginning to end, this flower machine will be the star of the garden or the Queen in a container. Large, 3½" bright pink, double flowers fill this plant and really stand out against the pine green foliage. Beautifully branched and easy to grow. Truly too good to pass by.
