Possible Problems: Insect: Aphids; leaf miners, mealybugs on bulb scales

Habit: Clumping

Diseases: Botrytis, pythium possible

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

Description

This dwarf pineapple lily has it all - a vigorously clumping habit, spotted leaves, wavy margins, and attractive rose red flowers. A much larger plant than E. vandermerwei. A dramatic breakthrough for those that want to have something different, yet easy to grow! A wonderful container plant or use in front of the border and in mixed beds.
