Diseases: Powdery mildew, rust, and leaf spots may occur as well as root rots with too much moisture

Habit: Mounding

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

We don't think TERRA NOVA® has ever introduced a more elegant Heuchera. Very lush, dark foliage with all of 'Obsidian's' great heat tolerant attributes. Great "Femme fatale" flowers that may be better than Heuchera 'Paris'. You be the judge. This one is not to be missed.
