Diseases: Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

We tried so hard to name this something else, but we all came back to the name FOREVER® Purple for a very simple reason. It is forever purple! FOREVER® Purple is a knockout with ultra-purple glossy leaves with fluted edges and great vigor. Very short spikes of purple-pink flowers in summer and four seasons of purple. A real show stopper. Destined to become the new standard for purple foliage perennials.
