Habit: Mounding

Diseases: Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

With huge cinnamon-peach leaves and a lush habit, this plant makes a bold foliage statement like a Hosta (but evergreen). Creamy white flowers erupt in late summer. Foliage color changes from cinnamon peach to burnished copper to amber. Bred to do well in Southern humidity, the Midwest, the Northeast or in the Northwest.
