Habit: Mounding

Diseases: Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

## Description

Very tangy, lime colored foliage in a tight mound - that's the tart part. The sweet part is the amazing bicolored cerise and hot pink colored flowers held on dark stems in wand-like clusters. A miniature that blooms all spring, summer, and fall. Great for pots!
