Diseases: Root rot may occur with excessive soil moisture or poor drainage. **Note**: All Heucherella are rust resistant.

Habit: Mounding

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

### Description

Sable colored, deeply incised and lobed foliage is highlighted with dark veins that form an intricate pattern. Young leaves are a warm coral-rose with dark veins as well. Each leaf casually turns a lobe or two adding dimension and interest to this most charming plant. Compact and neat growing.
