Possible Problems: Insect: No major pests
Diseases: No major diseases if grown with good drainage and high light

Habit: Upright from a clumping base

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

Description

Our selection of this catmint has huge blue flowers, which upon close inspection, do look like blue dragon heads! Compared to the species, 'Blue Dragon' is upright and compact (rather than floppy) with larger, showier flowers. Excellent in a sunny border or large container.
