

TERRA NOVA[®] Nurseries Presents

CURCUMA

'RED EMPEROR'

- Brilliant red stems and leaf highlights set this architectural plant off from the "less splended" tropicals
- A member of the ginger family with showy pink flowers that emerge from the ground
- Use in ground in the mild SE or Texas. Wonderful container plant elsewhere.
- Foliage Height: 36" - Foliage Spread: 20" - Flower Height: 8"
- Zones 10-13 - Part shade
